developing siberia
developing the world

TSU is the largest classical university in the Asian part of Russia. TSU has climbed over 100 positions and reached 377th position in QS World University Rankings 2016!

It is true that during winter period temperature can fall 30 degrees below zero, which is not critical since there is low humidity and this makes winters not so harsh. To the contrary, late spring, summer and early autumn are warm. Moreover, each season has its own beauty you must experience!

It is true that in unpopulated areas of Taiga or in the Western Sayan Mountains or to the remote Chara Sands desert there are some bears. However, Tomsk or Novosibirsk cities are far away from those places and it is even hard to imagine bears coming to the city.

Tourism
Siberia entered the TOP-50 most interesting international tourist destinations, according to the American magazine for travelers "Travel + Leisure". It is noted that Tomsk is a promising tourist center.

These top tourists attractions in Siberia can inspire a great Siberian itinerary for a memorable trip:

- The Lake Baikal, the deepest and oldest lake on Earth which is considered one of the clearest lakes in the world and holds around 20 percent of the world’s fresh water
- The Vasyugan Swamp, the largest swamp in the northern hemisphere
- The Altay Mountains, a mountain range
- Mountain Shoria, rich in ores, the Sayan Mountains, a protected and isolated area, Khakassia with numerous lakes
- The Sayan Mountains
- The Altay Mountains, a mountain range
- The Lake Baikal

Melikh Buyukkoroglu:
I live in Tomsk third year and study English philology. Foreign languages studies are not very good in Turkey, my friend advised me to go to Russia. Here I have an opportunity to learn two languages: English and Russian. I like taking pictures and posting views of Tomsk to my parents. I especially like the fact that there are many trees in Tomsk. For three years, I feel almost Russian.

Valentina Mellino:
I arrived in Tomsk as an exchange student. At the University of Naples I study Russian language and literature. If I am asked where to study Russian language and culture I would definitely say ‘Tomsk’! This city is not too big but also not too small. Ideal place for students. I feel safe here that is why I believe Tomsk is an ideal place to live in!
